

VTCT Qualification Title

Unit VR19 Provide Mechanical & Electrical Treatments for the Limbs & Trunk

Who can do this course?

This unit will allow therapists with a recognised beauty therapy qualification e.g Body Massage Certificate to develop their skills further with body electrical therapy treatments.

What is involved in the course?

The course delivers training in body analysis, steaming, body galvanic, faradic, infra-red technology, audio sonic, micro-current, vacuum suction & G5 electrotherapy massage. Designing a treatment programme is essential along with related anatomy & physiology and the essential knowledge required for all electrical machines and appropriate mediums.

What is the qualification and how is it gained?

This is a VTCT unit, which is gained through continued practical training and assessment. Completed homework prepared in work booklets will develop and provide the essential knowledge required to show competence and a full understanding in the specialist field for body therapy work.

How is the course taught?

As with all professional therapy qualifications you will complete a combination of practical and theory lessons in a private clinic where you will also be able to work on clients. Home study is essential to gain experience and further evidence for the student portfolio. Clients will be provided by the Glasshouse Therapy Centre (GHTC) during the course.

What skills will I learn?

The required industry skills to ensure you complete a range of competent electrical body treatments to commercial standards.

What will I require to do the course?

Students will be required to train in a professional uniform. The Glasshouse Therapy Centre (GHTC) can provide a therapist's uniform order sheet supplied on request. Students will be provided with a training manual but will need to supply their own notepaper & pens.

Equipment costs to the student

(GHTC) will provide all equipment and products for use during the course. However, students will need access to electrical equipment away from the centre to continue developing their skills for final assessment.
